This "digest" is a filler.

The server for the list went down after issuing Digest 3368 on 24 Jul
2002. After it was restored on 01 Aug 2002, three digests were
emitted with repeat numbers (3358, 3359 and 3360) before skipping up
to a newly numbered series beginning with Digest 3381.

The reused 3358 (01 Aug 2002) exactly repeated 3368 (24 Jul 2002).
Therefore content-containing 3368 "disappears" and is replaced by a
"filler."

The filler content of 3369 repeats for digests 3369 through 3378.

The new content but reused 3359 becomes Digest 3379.

The new content but reused 3360 becomes Digest 3380.

Thereafter the digests are "authentic."

Remember: the series between 3369 and 3378 inclusive are "fillers."
